**The Grand Poohbah Announces The Fifth Anniversary Edition of Wine Master for Palm Powered Mobile Devices at PalmSource Developer Seminar.**

**Wine Master brings the next level of fun-to-use flexibility to wine enthusiasts**

**PalmSource Developer Seminar, San Mateo, Calif., May 6, 2003** - The Grand Poohbah of Poohbah Industries today announced the Fifth Anniversary Edition of Wine Master for Palm Powered™ handhelds and smartphones. Wine Master is the portable solution for wine collectors and enthusiasts worldwide. Since its first release in February of 1998, Wine Master has been refined and improved to meet the needs of wine collectors and enthusiasts in 45 countries. Wine Master helps them manage their wine collection, select wines, and keep detailed tasting notes. The Fifth Anniversary Edition represents the next great evolution of this popular software.

Users can now display wines by vintage, quantity, hold date, or rating with a single tap. With a second tap they can display wines that they need to get or wines that they already have or both. This edition also supports the Sony CLIE Jog Dial for navigation. And, thanks to the faster processor speeds of the new Palm OS™ 5.0 devices, users can store, search, and retrieve thousands of wines quicker and easier than ever before.

Users enjoy the portability of Wine Master. They can take it shopping to help find their favorite wines and use it in restaurants to aid their wine selection. To help users in their wine selections, over 10,000 wine reviews are available for free download from the Poohbah web site. Wine Master users can also share their favorite wines by simply beaming them to each other.

"The easy to use interface and functionality of Palm OS Powered devices make Wine Master a practical and fun application for wine enthusiasts worldwide. Choosing a sophisticated wine in a nice restaurant has become an enhanced experience," said Larry Berkin, director of developer marketing for PalmSource, Inc.

The Grand Poohbah develops and publishes Wine Master, Cigar Master, Beer Master, and Whisky Master. The products are available from the Poohbah web site at [www.poohbah.com](http://www.poohbah.com).

PalmSource and Palm OS are registered trademarks and Palm Powered is a trademark of PalmSource, Inc., a subsidiary of Palm, Inc. Wine Master, Beer Master, Cigar Master, Whisky Master, and The Grand Poohbah are trademarks of Poohbah Industries.
